SUGGESTED TITLE: Proposal to Restructure the Global UMC

DISCIPLINE PARAGRAPH: Non-Disciplinary

GENERAL CHURCH BUDGET IMPLICATIONS: Yes

GLOBAL IMPLICATIONS: Yes

Be it resolved that:

1 - The attached Concept Proposal and separately-submitted Constitutional Amendments be adopted by the General Conference

2 - The General Conference shall establish an inclusive task force (hereinafter “Task Force”) to write detailed legislation, consistent with Concept Proposal adopted by the GC2016, for submission to the 2020 General Conference.

3 – The Task Force shall consist of a total of 15 members, named by the Connectional Table, and convened as an independent body before December 1, 2016. The 15 member Task Force shall include one member from each jurisdiction and central conference who are not already members of the Connectional Table; one bishop identified by the Council of Bishops; one member of the Connectional Table; and one member of the Standing Committee on Central Conference Matters. The Connectional Table shall identify one of these 15 individuals to chair the task force. The Connectional Table may name up to four additional members with voice but not vote: a general secretary of a general agency; a member of the NEJ Global Structure Task Force, a person with skills in writing the needed legislation, and a person with marketing skills. Although the task force may need some face-to-face meetings, it will meet primarily via electronic means.

4 -- The Task Force shall seek feedback from the Connectional Table, the Standing Committee on Central Conference Matters, the Council of Bishops, and The United Methodist Church and shall provide annual updates. The Task Force shall also develop and implement a plan to actively inform the denomination about its progress and the legislation needed to implement the Concept Proposal adopted by General Conference 2016. The Connectional Table shall review the final legislation and submit it directly to the 2020 General Conference.

5 - \$300,000 shall be added to the Connectional Table's 2016-2020 quadrennial budget specifically for the work of this task force.

Background

The 2012 NEJ Conference authorized the creation of the Task Force to develop recommendations regarding the global structure of The United Methodist Church. The Task Force was appointed by the College of Bishops in mid-2013..

The core values discerned by the Task Force guided its work:

- Be Christ Focused - The denominational structure should reflect the teachings of and empower the mission of Jesus Christ.
- Embody Structural Fairness - The denominational structure should provide for greater global equality in the church around access to services, participation in structures, and shaping the agenda of The United Methodist Church. Any plan should provide for an equitable global resourcing and distribution of apportioned funds.

- Extend Community - Everyone, everywhere must be welcome and safe in The United Methodist Church. Any new structure must honor non-essential differences and defend the essential dignity and worth of all God's children.

The Task Force worked with other groups across the denomination which were also addressing aspects of the global structure: the Connectional Table, the Standing Committee on Central Conference Matters, and jurisdictional groups in the Western and North Central Jurisdictions. The Task Force distributed two preliminary proposals to these groups and to each of the Annual Conferences within the NEJ, seeking their consideration and feedback. Revisions were made based on input received.

In summary, this proposal recommends that:

- The General Conference be renamed The Global Connectional Conference, which will be similar to General Conference, except that it will ONLY deal with global issues and will be responsible for a Global Book of Discipline.
- The UMC will be organized into four continent-wide "connections": Africa, Asia, Europe and North America.
- Each of the four connections will have the option of organizing into regions. Each connection will be responsible for its own, connection-wide book of discipline, relevant to matters that are not global.
- Annual Conferences will remain the same.

FINANCIAL IMPLICATIONS:

The actual incremental costs of this proposal will be dependent upon the structure finally adopted by General Conference.

There will probably be some additional costs related to connectional conferences, committees, etc., but these costs may be offset by a possible reduction in costs related to the meeting of the Global Connection. If the business of the North America connection is removed from the agenda of the Global Connectional Conference, the duration of that meeting will be less than the current General Conference, perhaps by three or four days, resulting in a reduction in costs for that meeting.

The most significant increase in costs will probably involve the meetings of the connectional conferences. This proposal would require each connectional conference to meet quadrennially, prior to the Global Connectional Conference. Depending upon when and where the connectional conferences meet, the incremental cost of these meetings is estimated to be between US\$300,000 and US\$1,000,000. GCFA will be asked to develop more accurate cost projections.

Any incremental cost increases will also need to be examined in the context of the overall budget for the 2016 General Conference budget of over US\$10 million.
